Comment:

a. Report confirms the previous occupation of the WIENER-NEUSTADT airfield by P-39 or P-63 fighters. About 120 aircraft of this type were observed there in May and June 1949, whereas the airfield was formerly occupied by only about 40 fighters. From this report and the evaluation of the observed motor vehicle numbers it is inferred that three fighter regiments are stationed in WIENER-NEUSTADT. The

which were observed in WIENER-NEUSTADT, had been noticed in TRAUSDORF until May 1949. From this fact it is concluded that fighter regiments were transferred from TRAUSDORF to WIENER-NEUSTADT.

b. The occupation of the kaserne on Pernersdorferstrasse by an air force unit has been known since November 1948. From motor vehicle numbers observed near this kaserne it is inferred that personnel of fighter units, which are stationed at the WIENER-NEUSTADT airfield, are quartered there.
